

# 2010 is a TG-3 PIN Security Audit Year

## **PULSE, CO-OP, STAR and NYCE ATM Networks**

all **require TG-3 PIN encryption security audits** every even numbered year. If your credit union is a member of any of these networks, and you drive your own ATM you may be required to have an audit **performed by a CTGA certified auditor.**

**Technology Resources has CTGA certified staff to perform this audit.**

**Don't procrastinate!** Schedule now and take advantage of Special Pricing. There is a **\$200 discount** when you have your **audit completed prior to November 1, 2010.**
